Message From Rabbi Yachnes:

ADVANCE CREDIT: "Moshe and Aharon did what Hashem commanded them"(7:6). How does the Torah say that they **did** it, if it was only **later** that they went to Paroh on behalf of the Jewish people? Rav Yosef Caro (author of the Shulchan Oruch) says that since they accepted upon themselves to do it and were sincere about that commitment, it is considered as if they had already done it and were given **credit** in **advance**. That is the power of sincere commitment. May we hear only good news from Eretz Yisrael. Have a wonderful Shabbos!
