Message From Rabbi Yachnes:

FAULT FINDING: About one who is stricken with Tzaraas, the Torah says "V'Tamei Tamei Yikrah" (13:45), which simply means that he must announce that he is Tamei. The Sh'la HaKadosh says that this can be read as, "**tamei!**", a Tamei person calls out about others. Meaning, people often find faults in others that they really have themselves. A good motto to remember is, "**when looking for faults, use a mirror, not a telescope**". May we hear only good news from Eretz Yisrael. Have a wonderful Shabbos.

Solar Eclipse:

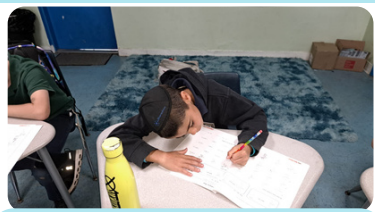

After weeks of curricular and classroom preparation, watching the Solar Eclipse this Monday at MTA was a marvelous event! Each class donned their special eclipse glasses and witnessed the eclipse they were learning about - in action. The excitement was palpable as students and teachers alike shared in this rare astronomical experience.
