Message From Rabbi Yachnes:

LOOKING BACK: An entire year of striving and growing is coming to an end. But let's pause and **look back** at all that has been accomplished. Dovid HaMelech writes in Tehillim (27), "Mi Yaaleh B'har Hashem Umi Yakum Bimkom Koadsho" – "Who will ascend the mountain of Hashem and who will stand in His Holy place." Reb Aharon Kotler explains that this means that as a person is growing, it is important to pause and **look back** to see how far they have come and how much has been accomplished. Congratulations to all for a job very well done! Much has been accomplished. Have a wonderful and a very well deserved summer break. May we hear only good news from Eretz Yisroel. Have a good Shabbos.
