Message From Rabbi Yachnes:

STAY THE COURSE: Avraham Avinu traveled through many places on his journey from Charan to Canaan but was careful not to get distracted from the goal that Hashem had set for him. This, says the Chofetz Chaim, is a lesson for all time. Our ultimate goal is to serve Hashem and care must be taken not to get sidetracked from that goal. As we continue trying to navigate carefully through the ongoing challenges of our time, let us make every effort to **stay the course** and meet that goal of serving Hashem. May we be blessed with only good news from Eretz Yisrael. Have a wonderful Shabbos.

MTA SPOTLIGHT!

Visiting Scientist!

We kicked off the week with a splash of scientific fun as our new visiting scientist and her trusty assistant dove into the world of slime-making! The students had an absolute blast mixing, squishing, and stretching their way through this experiment, all while learning about the fascinating science behind it. Be on the lookout for more scientific adventures in the coming weeks as our visiting duo returns to spark even more scientific curiosity at MTA!

Thank you to Mrs. Pomerantz for sharing!

JOKE ANSWER!

It could crack up!

Thought Provoking Parsha Question:

Avraham was scared of having a Bris because he was 99 years old. Hashem said that He would do it with Avraham by holding his hand. Why didn't Hashem just do it for him?
